2 **Utilities And Similar Facilities**

3 Section 1-07.17 is supplemented with the following:

4
5 Locations and dimensions shown in the Plans for existing facilities are in
6 accordance with available information obtained without uncovering, measuring, or
7 other verification.

8
9 Public and private utilities, or their contractors, will furnish all work necessary to
10 adjust, relocate, replace, or construct their facilities unless otherwise provided for
11 in the Plans or these Special Provisions. Such adjustment, relocation,
12 replacement, or construction will be done during the prosecution of the work for
13 this project.

14
15 The Contractor shall call the Utility Location Request Center (One Call Center),
16 for field location, not less than two nor more than ten business days before the
17 scheduled date for commencement of excavation which may affect underground
18 utility facilities, unless otherwise agreed upon by the parties involved. A business
19 day is defined as any day other than Saturday, Sunday, or a legal local, State, or
20 Federal holiday. The telephone number for the One Call Center for this project
21 may be obtained from the Engineer. If no one-number locator service is available,
22 notice shall be provided individually to those owners known to or suspected of
23 having underground facilities within the area of proposed excavation.

24
25 The Contractor is alerted to the existence of Chapter 19.122 RCW, a law relating
26 to underground utilities. Any cost to the Contractor incurred as a result of this law
27 shall be at the Contractor's expense.

28
29 No excavation shall begin until all known facilities, in the vicinity of the excavation
30 area, have been located and marked.

31
32 The following addresses and telephone numbers of utility companies known or
33 suspected of having facilities within the project limits are supplied for the
34 Contractor's convenience:
